

Request for Qualifications

Seeking Experienced Contractors to Perform Rock Stabilization, Bin Wall Rehabilitation, Grading and Drainage Work in the Niagara River Gorge on the US Side of the Lewiston-Queenston Bridge in Lewiston, NY.

For the Niagara Falls Bridge Commission

Overview

The Niagara Falls Bridge Commission seeks qualified contractors to perform rock stabilization, bin wall rehabilitation, grading and drainage work in the Niagara River Gorge on the US side of the Lewiston-Queenston Bridge. The work must be coordinated to maintain bridge operations at all times.

All Contractors must be pre-qualified to submit tenders directly to the Commission; if your firm is not currently pre-qualified to complete work for the Commission and you wish to submit a tender for this project, you must submit a completed prequalification form no later than September 22, 2025; visit NiagaraFallsBridges.com, look under Services/Construction/Contractor Prequalification; follow instructions to submit a prequalification form. Once approved firms generally remain qualified to perform work for the Commission for a period of 3 years from the date of approval.

It is anticipated that the Invitation to Tender for the project will be issued in October 2025; firms pre-qualified to perform work for the Commission will receive a notification when the Invitation to Tender for the project is issued.

Please contact Mr. Robert Koert, Construction Manager for the Niagara Falls Bridge Commission (716-285-6322 x4130 or rkoert@niagarafallsbridges.com) for additional information.
